

**BRIEF ON MATTERS LEADING TO THE DISSOLUTION
OF
ADAMAWA STATE PDP EXECUTIVE COMMITTEE**

BY THE PDP NWC ON 17TH OCTOBER, 2012,

by GOV. MURTALA H. NYAKO, GCON

BRIEF ON MATTERS LEADING TO THE DISSOLUTION OF ADAMAWA STATE PDP EXECUTIVE COMMITTEE BY THE PDP NWC ON 17TH OCTOBER, 2012, by GOV. MURTALA H. NYAKO.

Enclosed herewith is the Guidelines issued by the National Secretariat in 2008 on the conduct of LG Elections by PDP controlled States. To the best of my knowledge virtually all such States that have conducted these Elections ever since the issuance of these Guidelines have done so in line with the Guidelines without further reference to the National Secretariat.

The process for the Local Government Councils Elections in Adamawa State commenced on 4th August, 2011 when the EXCO of Adamawa State Chapter wrote to the then Ag. National Chairman requesting for 100 and 500 Nomination/Expression Forms for the Chairmanship and Councillorship nominations respectively (photocopy of our letter dated 4/8/11 attached and marked as Appendix 1). The Forms for the nomination were supplied to the State Chapter by the National Secretariat.

Initially, the fee for the Chairmanship Forms was N750,000 each while the Councillorship Forms were each sold for N250,000; female contestants were supplied nomination Forms free of charge to encourage their participation. As the Executive Governor and Leader of the Party in the State, I intervened and directed that the Chairmanship forms be sold for N350,000 each while Councillorship Forms were sold at N100,000 each. Accordingly refunds were effected by the Party through its bankers since all payments for Forms were earlier on paid for through the same method.

On 30th September, 2011 the State Chapter was directed by the National Secretariat to remit all the proceeds from the sales of Nomination Forms to the National Secretariat vide a letter signed by the Ag. National Secretary, Dr. Musa Babayo. (letter attached and marked Appendix 2).

The Chapter complied and directed its Bankers on 7th October, 2011 to transfer the proceeds N53,307,750 (Fifty Three Million Three Hundred and Seven Thousand Seven Hundred and Fifty Naira only) to the Oceanic Bank Plc Account of PDP National Secretariat (photocopy attached and marked appendix 3)

On 31st May, 2012 the National Secretariat wrote a letter drawing the attention of the State Chapter to Section 50(1) of our Party's Constitution that relates to Councils' elections. The State Chapter acknowledged the letter and assured them of compliance vide letter dated 18th June, 2012. (Appendix 4 & 5)

Adamawa State Independent Electoral Commission (ADSIEC) finally issued a press release on 27th August, 2012 giving Political Parties in the State the 8th of October, 2012 as the dateline to submit to the Commission names of their Candidates for the Elections vide Appendix 6.

The State Party then summoned an all inclusive stakeholders' meeting on 31st August, 2012 where it was unanimously agreed that Party Primaries be conducted on 3rd October and 6th October, 2012 for Councillorship and Chairmanship Candidates respectively. The State Chapter wrote to the National Secretariat through its newly directed channel of communication, the office of the Zonal Chairman North-East (vide Appendix 7), conveying the decision of Adamawa State Stakeholders vide letter dated 10th September, 2012 (Appendix 8).

On 3rd October, 2012, namely 5 days before ADSIEC dateline for submission of names of Candidates for the Elections, the Adamawa State Chapter learnt, through a televised Press Briefing over NTA by the National Publicity Secretary, that the NWC had suspended our completed Primaries in Adamawa

State and would handle the conduct of fresh Primaries from its Secretariat. The State Chapter replied promptly same date 3rd October, 2012 (Appendix 9), pointing out to the National Secretariat that the primaries had been conducted in accordance with their previous Guidelines. The Chapter was glad to step aside for NWC to now directly deal with ADSIEC and meet the dateline for the submission of list of party's candidates on time.

Fortunately, ADSIEC issued a circular on 5th October, 2012 that extended the dateline for submission of Candidates by one week (to the 15th October, 2012) citing the flood disaster for its action.

Nothing further was heard from the National Secretariat until the 8th October, 2012 when the State Working Committee was invited to appear before the NWC for a meeting on the 9th October, 2012. The only item for discussion at the meeting was that the State Chairman, Alh. Mijinyawa U. Kugama who was duly elected in accordance with Party Constitution should step down.

There was another announcement by ADSIEC followed by a letter and a Press Release to all Political Parties in the State that its dateline remained 1600 hrs 15th October, 2012 vide their letter dated 12th October, 2012. (Appendix 9 & 10). It was observed that the other political parties had already submitted the names of their candidates.

There was no further correspondence or action by NWC and it was definitely getting too late for the National Secretariat to directly conduct the Party's Aspirants' screening, elections of Delegates, Councilors and LG Council Chairmen and submit the results to the ADSIEC within the 3 days left before the dateline.

might be a genesis for the State's insecurity and unacceptability of our Party by the populace.

For us in the State the Year 2015 is just around the corner! We intend to handsomely deliver to our great Party dividends of our loyalty in that year and as always. The State EXCO that has done magnificently well and behaved most loyally over the years and **has committed no wrong should live** - It deserves commendation for averting disaster to the Party!

I submit that if this unjust dissolution of State's EXCO is left unchecked, every other State EXCO would soon find itself facing similar unjust treatment with repercussion for us all. **Let us collectively save our Party.**

Our prayer in Adamawa is that the decision of the NWC to dissolve the State EXCO **that is yet to be ratified by NEC**, be rescinded in the spirit of justice and fairness.

Dear sir,

LOCAL GOVERNMENT COUNCILS ELECTION IN ADAMAWA STATE

I write to inform you that Local Government Councils Election in Adamawa State have tentatively been fixed for 5th October, 2011. Party primaries for this election will take place between 25th August, and 6th September, 2011.

The State Chapter requests that you provide 100 (One hundred) Chairmanship and 500 (Five Hundred) Councillorship nomination forms for sales to interested card carrying financial members of the party.

We further request that you endorse the decision of the State Chapter to conduct nomination of Council Chairmen through direct or indirect primaries as appropriate to the LGA in which all the card carrying members of the Local Government Area will participate.

Direct primaries will be time saving as it will facilitate the conduct of Ward and Local Government Area primaries simultaneously.

Best regards.

Dear Sir,

**FORTHCOMING LOCAL GOVERNMENT ELECTIONS IN
ADAMAWA STATE**

The attention of the National Secretariat of our Great Party has been drawn to the forthcoming Local Government Elections in Adamawa State and your plans to conduct primaries for the said elections.

I wish to draw your attention to the provisions of Section 50(1)(2)(7) and (8) of the PDP Constitution 2012 (Article 17(1)(2)(c)(f) of the PDP Constitution 2009) to the effect that it is the National Executive Committee of the party that has the power to arrange for the conduct of primaries and submit the party's nominees for **all elections** into public offices.

Accordingly, you are advised to **urgently** liaise with the office of the National Organizing Secretary for arrangements to screen and conduct primaries for Councillorship and Chairmanship aspirants.

Dear Sir,

RE: FORTHCOMING LOCAL GOVERNMENT ELECTIONS IN ADAMAWA STATE

I refer to your letter dated 31st May, 2012 on the above subject matter and to inform you that we are fully aware of the provisions of section 50(1) (2) (7) and (8) of the PDP Constitution 2012 (as amended).

You may recall that Expression of Interest and Nomination Forms for Councillorship and Chairmanship aspirants were obtained from the National Secretariat. Proceeds from the sales of the forms were remitted to the National Secretariat. It follows that once the Adamawa state Independent Electoral Commission issues guidelines for the conduct of Council Elections in the State, the State Chapter will certainly liaise with the Office of the National Organizing Secretary for arrangement to conduct Primaries for Councillorship and Chairmanship Aspirants.

We suggest that you adhere to approved channel of communication with the National Headquarters of PDP as contained in your circular ref. PDP/NS/EST/146/T/49 dated 14th April, 2012 (photocopy attached) as

Subject: APPROVED CHANNEL OF COMMUNICATION WITH THE NATIONAL HEADQUARTERS OF THE PEOPLES DEMOCRATIC PARTY (PDP)

I am directed to inform you that it has come to the notice of the National Headquarters of our great Party, the PDP that approved channel of communication for official matters especially complaints are not being addressed to the appropriate quarters. For example, complaints and official reports from the State Chapters of the Party and sometimes even from the Local Government Chapters have been directly addressed to the National Secretary without recourse to the Zonal and State Offices respectively.

2. You are to please note that processing of such correspondences to arrive at any meaningful decision is obviously difficult in the absence of comments and or observations from the appropriate quarters. Consequently, I am further directed to draw your attention to the need to at all times adhere to the approved channel of communication provided for in our constitution and other relevant circulars.
3. For the avoidance of doubt, you are to note that all correspondences, except otherwise stated, from the State Chapters must as a matter of procedure be channeled through the National Vice Chairmen of your respective zones. In exceptional circumstances, advance copies of such correspondences might be sent to the National Secretary for noting. You are to please note that any correspondence which does not conform with the contents of this circular will henceforth not be treated by the National Secretariat.
4. Finally, you are to please bring the contents of this circular to all our Party offices in your state and also the generality of our Party members for information and guidance.

THE JIMETA MODERN MARKET

1. INTRODUCTION

The contract for the construction of the Jimeta Ultra – Modern Market was awarded by the previous Administration in 2004 to Messrs U.L.O Consultants at an initial cost of N3,593,900,333.55k. Unfortunately, the contractor abandoned this project along the way due to some contractual disagreement with the previous Administration. This multibillion Naira project remained stalled until this Administration assumed office in 2007 and renegotiated with the contractor to resume work at site. The long period of abandonment necessitated the upward review of the contract cost to N4.5 billion and N5 billion respectively.

2. THE ULTRA MODERN MARKET

The Jimeta Modern Market which was officially commissioned by the former President, Chief Olusegun Obasanjo GCFR on 20th March, 2009, has the following facilities

- i) 1,840No Lock up shops
- ii) 1,940No Open stalls
- iii) 54No Ware houses
- iv) 90No Toilets

Other facilities at the market include: -

- a) 15No Restaurants;
- b) 1No Administrative block;
- c) 2No Police posts;
- d) 1No Fire station;
- e) 4No Bank Halls
- f) 1No Clinic

- g) 3No Gate houses
- h) 1No Security Control Tower
- i) 3No Boreholes

3. ALLOCATION OF SHOPS/FACILITIES

The shops and other facilities at the market have been reasonably and fairly allocated to all deserving traders and interest groups including the 21 Local Government Areas in the State. The neighbouring States of Taraba and Gombe State Governments have also been allocated 100No shops each.

4. REVENUE PROJECTION

Lock up shops and open stalls have been leased out to beneficiaries at the rates of N1.2m and N0.8m respectively. Other facilities at the market have also been leased /rented out. It is envisaged that the State Government would recoup its investment in the market in the next two years.

5. CONCLUSION

The Jimeta Ultra Modern Market project is the only project undertaken by this Ministry in the last two years. Other projects that are in the pipeline and would take – off before the end of the year 2010 include the Guyuk Cement project and the resuscitation of the Mubi Burnt Bricks Industry.

**Real Estate Developers Association of Nigeria,
REDAN, FCT Chapter**

PUBLIC NOTICE

**Resolution on Land Allocation
and Demolition by Development Control**

Following the lingering land allocation crisis, which has led to demolition of some affected estates in Lugbe area of Abuja, the Real Estate Developers Association of Nigeria, REDAN, FCT Chapter, the only recognized organized private sector set-up by the Federal Government of Nigeria for the Provision of Affordable Housing in Nigeria, has deemed it necessary to make public its resolution on the matter.

At an emergency meeting of the state executive council of REDAN, FCT Chapter, held on Friday, 12th October, 2012, at its state chapter secretariat, No 7 kabo Street, Garki 11, the council resolved as follows:

Re-Planning of Lugbe

That REDAN, FCT Chapter, fully supports the initiative of the Federal Capital Development Authority, FCDA, to re-plan the entire land on Lugbe axis into Federal Capital City FCC Phase V, which hitherto has been bastardized by touts/land racketeers, duping innocent investors/developers and the general public at large. To this end, the proposed harmonization process being carried out by the Urban and Regional Planning Department of FCDA is welcoming and considered by us as a way forward.

On-Going Housing Development

The Joint Committee on Real Estate Development Monitoring in FCT, which REDAN is part of had on the 13th March, 2012 issued a "Stop Work" notice to all developers in Lugbe. REDAN FCT hereby states that the notice stands valid and all developers along this axis are to comply fully till further notice.

On-Going Demolition by Development Control

REDAN, FCT Chapter has begun dialogue with relevant authority and in-view of this, we urge all developers within the axis to stop work until the entire process is completed.

Land Racketeers/Touts in Lugbe

REDAN FCT is using this medium to advise the general public to desist from patronizing land racketeers and touts. Developers and buyers of properties as well as the general public may contact the association for clarifications on land allocations in the area before dealing in home ownership.

The chapter is using this medium to assure its learning members and all those affected, of its commitment to resolving the crisis and chalking a way forward. While assuring relevant authorities of its continued partnership in furthering the course of housing development in the FCT.

APL staff urged to keep faith in God

Zare Baba

Management and staff of the Adamawa Press Limited publishers of *The Scope* newspaper have been told to put their faith in God and they pray for government's attention to turn around the dwindling fortunes of the company.

Speaking during a special prayer session held at the send-forth organized by the Christian Fellowship of the company in honor of one of their founding members and out-gone accountant of the company, Deacon Pethuel Zaphaniah who retired after putting in 35 years of meritorious service in the Adamawa State Government, the General Manager explained that their patience and commitment to duty and dedicated prayers for improved condition of service in the company will never go in vain.

She said God has already answered their prayers and soon the state government will do something about the company and *The Scope* newspaper complex will blossom like it has never been before.

The General Manager commended the Christian Fellowship of the company for keeping faith, peace and unity among them, adding that the send-forth organized for the out-gone accountant of the company and the chapel signifies the love and brotherhood among the members.

She specifically lauded the former accountant for translating his faith in the service of the state and the company through honesty, transparency and sincerity of purpose in the discharge of his duties.

While praying God to grant him peace of mind, comfort and sound health while in retirement, the General Manager challenged members of the fellowship to always showcase the good virtues of Christians' private and official dealings for them to also retire gloriously from the service when their time comes.

Secretary of the APL Christian Fellowship chapel, Mr Sini Zira Kwaghe said the send-forth was organized to glorify God for using the out-gone Accountant and founding member of the

fellowship towards realizing the age-long dream of establishing the Chapel.

He said apart from sustaining the tempo of routine fellowship, visitation to sick and bereaved members, Deacon Pethuel Zaphaniah was instrumental to the building of a 100 capacity chapel for the fellowship in the company.

He said though retired, the chapel will ever remain indebted to the founding member whom he described as a true servant of God and prayed God to grant him the strength, good health and courage to continue in His service even while in retirement.

Chairman of the Chapel, Brother Laban Masinja in his brief remark enjoined members to emulate the out-gone founding

member of the chapel by dedicating themselves to the service of the Lord.

In his briefed sermon at the occasion, Evangelist Ande of the National Population Commission (Data Processing Office), Yala, advised Christian Civil Servants to always make the best use of the opportunities and time accorded them by God to make the difference in service delivery to humanity.

Reading from the Holy Book of Ephesians 5:15-17, Evangelist Ande said every man and woman has God's appointed time which should be used to serve Him and mankind honestly and wisely in fulfillment of God's desire for us.

Responding, the out-gone Chapel Deacon, Pethuel Zaphaniah thanked God and the fellowship for recognizing his modest contribution to the growth of the chapel and charged members to always be united and love one another at all times.

Peace Council condemns "babaric act"

Tafisa Adamu

Even as the Federal Government ordered for full investigation into the recent killings of 25 people including some students of the Federal Polytechnic, Mubi, School of Health and Technology, Michika, Mubi Campus by unidentified gunmen, the Adamawa State Peace Council has condemned the killings, describing the act as "barbaric".

In a strongly-worded press statement signed by the Chairman, Alh. Ahmed Juda and the Secretary, Dr. Marjee Easign and made available to *The Scope*, the Council said "promoters of peace and harmony in a region historically noted for tolerance and national co-existence, these heinous acts cannot be tolerated. They are unacceptable to our peace-loving community." While commiserating with the victims, their families and friends on the unfortunate incident, the Council called for increased vigilance by all and sundry to checkmate the

culprits and forestall future occurrence.

It called for thorough investigation into the killings by all the relevant security agencies and government institutions to bring to book the perpetrators and ensure that the rule of law prevails to serve as deterrent to future incidences.

The Council also appealed for restraint from the citizens, especially those whose sensibilities have been offended by the unfortunate incident, promising to expand its efforts to work with unemployed youth and initiate a peace curriculum.

Meanwhile, body of one the students killed in the attack, late Matakuyel Ahmed, an OND II Accounting student of the Federal Polytechnic has been buried at his home village, Wurro Bokki in Hong Local Government Area of Adamawa State.

Aged 24, late Ahmed attended Wurro Bokki Primary School, Hong and had his post primary school at the prestigious Bartimawu College, Kaduna in 2010 before he gained admission into the Federal Polytechnic, Mubi.

Commissioner Laments Mubi killings, Warns against evil forces

William Zelson

A front-line stakeholder in Mubi Emirate and Commissioner for Water Resources in Adamawa State, Hon. Guidado Sajo Giella has expressed regret over the recent killings of students of tertiary institutions in the area, warning the citizens to rise against evil forces that could rob the area of its vintage position as the economic nerve-centre of the North-East sub-region. He said historically, Mubi and its environs has curved a snitch for its self as a home of peace, commerce and progress harboring different ethnic groups and nationalities but however lamented that the recent security challenges is gradually eroding the enviable position of the area as the home of peace.

According to him, "this is a land where before the civil war, in 1966, majority of Igboas and Yorubas who

fled for safety leaving behind their assets and wealth were preserved by the indigenes which were later handed over to them several years after the end of the war. Equally, those of them who stayed hind were given safety and comfort during and after the war".

He said for this reason, every responsible citizen of the land must rise to defend, preserve and protect the good name of the area and its people by being "our brothers' keeper" and watch movement of people with questionable characters for peace and progress to prevail.

Giella, who was speaking against the backdrop of the recent attack on students and the unending security situation in the area, explained that the 3pm curfew imposed by the government on Mubi has created untold hardships on the people as business activities have

virtually grounded to a halt as people were forced to remain indoors while those running petty businesses now rush at unusual hours to avoid security operatives.

"Today, it is a common feature to see major streets in Mubi virtually empty with few or no vehicles plying the roads and that you could speed at 200km without any obstruction of the hustle and bustle that was synonymous with Mubi. This is really disheartening" he declared.

While sympathizing with students and families of those who lost their lives in the October 1st killing, Hon. Sajo Giella appealed to those fleeing the area for safety to stay, assuring that government has already taken measures to forestall the re-occurrence of the ugly incident by safeguarding lives and properties of the citizens in the area.

He advised parents to caution their wards against indulging in vices capable of ruining their future.

COMMUNIQUE ISSUED BY THE NETWORK OF CIVIL SOCIETY ORGANIZATIONS IN NIGERIA ON THE NOVEMBER, 24TH 2012 LOCAL GOVERNMENT ELECTIONS IN ADAMAWA STATE, TODAY 25TH NOVEMBER, 2012.

Preambles:

In view of the fact that the State Independent Electoral Commission are saddled with the responsibility of organizing and conducting elections in their various states, Adamawa State Independent Electoral Commission (ADSIEC) organized Local Government elections in all the 21 Local Govt. Areas of the State on the 24th November, 2012 in Adamawa State.

Our organization; **Network of Civil Society Organization in Nigeria** an umbrella body of over 120 registered Pan-African Civil Society Organizations in Nigeria committed to strengthening democratic values within the African Continent sent Fifteen Heads of member Organizations to ADSIEC for accreditation to observe the Adamawa State Local Government Elections of 24th November, 2012 which ADSIEC complied with and accredited them to observe the election.

Pre-Election Observation:

The fifteen Heads of our member Organizations accredited by (ADSIEC) to observe the election arrived Yola the Adamawa State Capital on Monday 19th November, 2012 to carry out a pre-election observation ahead of the election. This is aimed at determining the level of preparedness of both the State Government, ADSIEC, Political Parties, the electorates and of course all stakeholders towards the Local Government election. In our pre-election observation, we noted the following:

1. The election had been postponed four times with resources and energy wasted at each time. Hence the electorates were calling the Government and the electoral body to conduct the election without further postponement.

Supported by:

2. We observed that the State Government provided the necessary logistic supports to ADSIEC to ensure a transparent violent free and fair Local Government election in the State without any form of interference on the operations of the electoral body.
3. We noted that ADSIEC was resolute, transparent and committed to conducting a credible free and fair Local Government election in the state, hence provided a level playing ground for all the political parties in the state to participate in the election.
4. Our team was also pleased to witness the arrival and receipt of election materials by the ADSIEC Chairman in the ADSIEC Headquarters Yola, under the watchful eyes of various party Agents, Security Agents etc before their distribution to the twenty (21) Local Government Areas amidst tight security and in the company of the party agents and our members.
5. We gathered that after due consultations and considerations, 24th November, 2012 was announced and set aside for the election to be held. This date was unanimously accepted by all political parties in the State, the State Government and all other stakeholders in the state.
6. Our observation showed that the Public Holiday pronounced by the State Government 24 hours to the election was actually a right decision as it helped the people especially the civil servants to go back to their various communities and participate in the election.

The Election - General Observation:

Our team of fifteen persons divided themselves into three groups of five persons each, i.e. each group of five persons for each of the three Senatorial Districts in the State.

We therefore observed the election as thus:

- The Adamawa State Local Government Elections actually took place as scheduled on the 24th November, 2012 in all the 21 Local Government Areas of the State.
- The Election was relatively calm, peaceful and of course transparent enough without any interference or complain by/from any quarter.

- We observed that for the first time in the history of elections in Nigeria, including Federal Elections, ADSIEC was very careful to make available all the election materials both sensitive and non-sensitive to their polling units including the commonly forgotten ink-pad, EC-8 form etc.
- That ADSIEC was not only impartial in their conduct of the election but seen to be so.
- We observed that the turn out voters was relatively low in some Local Areas especially in the rural areas; this was due to inadequate voter sensitization and mobilization for the election.
- Due to the very difficult terrain of some communities like Mbula in Demsa LGA, Mapeo in Jada LGA, Gorrobi in Mayo-Belwa LGA etc, elections could not commence as scheduled due to late arrival of election materials and personnel.

Recommendation:

Following the above observation and to improve on our electoral process, we wish to recommend the following;

- a) The policy of no movement during the elections should be well enforced next time as the team saw majority of the people not complying with the order.
- b) The Government and the Electoral body should engage committed Civil Society groups like ours on an intensive civic voter sensitization, mobilization and education ahead of every election.
- c) The political parties should also engage in civic voter mobilization as a proactive way of campaign rather than singing songs and partying along the streets.
- d) The difficult terrains in the State should be given consideration first in terms of distribution of election materials to ensure quick and timely commencement of the election in such areas.

Commendation:

1. The team wishes to commend the electoral empire of the state for its wonderful preparation in providing all the needed logistics and materials on time which actually encouraged the success of the election.

2. The Security Agents and arrangements is equally worthy of note as all the places visited by our team, there was no case of violence, molestation or any other form of disorder.
3. Most importantly, the people's attitude toward the conduct of the election, our team rated their orderly conduct to be highly satisfactory and excellent, especially their maturity in putting behind them the string of violence. Indeed they demonstrated high degree of hospitality and welcoming attitude to visitors.
4. Finally, we must not fail to appreciate the effort of the State Government for providing all the necessary logistic supports for the conduct of the election.

Conclusion:

We conclude by saying that The November 24th 2012 Adamawa State Local Government Elections actually took place as scheduled under a conducive and peaceful atmosphere. The election was free, fair, transparent and credible.

We therefore adjudge it to have met the internationally accepted standards of election; hence the result should be accepted by all the candidates and political parties as reflecting the wishes and decisions of the electorates.

We urge the winners to see themselves as Servant Leaders only to serve and represent their people effectively while extending true hands of fellowship to other candidates for peaceful co-existence and rapid development of their various localities as we also advice the losers to show the spirit of sportsmanship for there is always another time.

Thank you and God bless.
