Allhaji Abdulkar Muhammad Maru,

Honourable Commissioner,

Ministry of Budget & Economic Planning,

Zamfara State.

ISSN 1115-7999

FOREWARD

This is the second edition of the Zamfara State Statistical Year – Book, published by the State Statistical Agency (SSA), Ministry of Budget and Economic Planning.

The Ministry of Budget and Economic Planning is grateful to the Zamfara State Government under the leadership of Alhaji Ahmad Sani (Yariman Bakura) and (Sardaunan Zamfara) for funding the publication of this Book.

This publication provides general information on the Public service of Zamfara state. The statistical data presented in this report are intended to highlight in quantitative and qualitative terms, the activities of the public service for the year 2001-2006.

Government, Research Institutions, Planners and other users may find this book very useful reference material.

I, wish to thank the entire staff of the State Statistical Agency (SSA) in the Ministry of Budget and Economic Planning for their efforts and contribution towards this publication.

Finally, comments and suggestions on how to improve the quality and presentation of future editions are welcome.

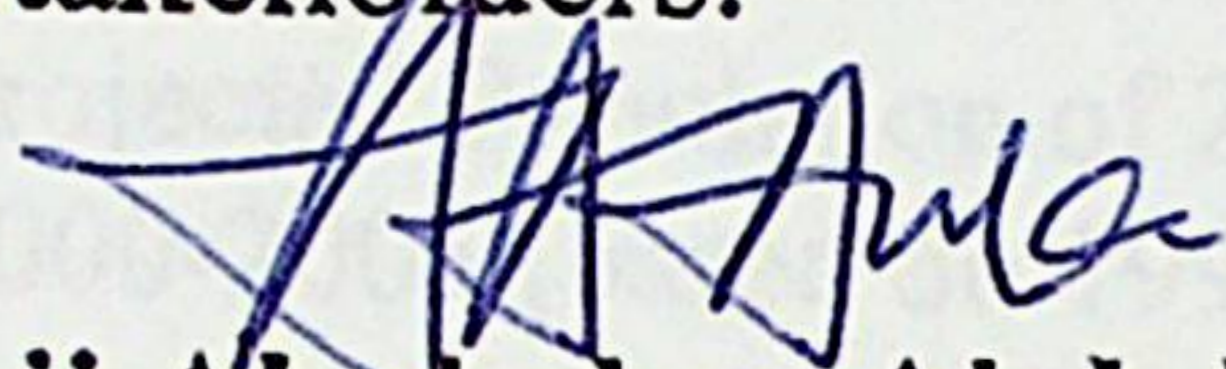

Alhaji Abubakar Muhammad Maru,
Honourable Commissioner,
Ministry of Budget & Economic Planning,
Zamfara State.

ACKNOWLEDGEMENT

This is the latest edition of the Zamfara State Statistical Yearbook 2001-2006 published by the State Statistical Agency (SSA) Ministry of Budget and Economic Planning.

I wish to express my gratitude to Ministries, Boards, Parastatals, Local Government Areas and relevant Private Organizations for their assistance in supplying the data for the publication of the yearbook.

We look forward for more understanding and cooperation from all the Stakeholders.

Alhaji Abubakar Abdullahi Anka
Director of Research and Statistics,
Ministry of Budget & Economic Planning,
Zamfara State.

CHAPTER THREE- AGRICULTURE

3.1	Number of Livestock slaughtered in registered Markets in Zamfara State by LGA-2001-2006.....	11-13
3.2	Number of Livestock treated by type of Animal Disease in LGAs of Zamfara State 2001-2006.....	14-17
3.3	Livestock and Poultry Species in LGAs of Zamfara State; 2001-2006.....	18-22
3.4	Area of Forest Reserve by type and by LGAs; 2001-2006 (in Hectares).....	23
3.5	Area covered for production of major crops in Zamfara State;2001-2005 (in Hectares).....	24
3.6	Estimated production of major crops in Zamfara State;2001-2005 (in Metric tonnes).....	25
3.7	Yield per Hectare for the production of major crops in Zamfara State; 2001-2005 (in MT/HA).....	24

TABLE OF CONTENTS

Forward.....	i

List of figures:.....	viii

TABLE

TITLE

PAGE

CHAPTER ONE:- POPULATION DISTRIBUTION

1.1	2006 Population Census Figure of Zamfara State by Sex and by L.G.A:.....	1
1.2	Projected Population of Zamfara State by L.G.A. 2000-2005 (based on 1991 Pop. Census final Figures)	2

CHAPTER TWO: INDUSTRY

2.1	Potentials for Small and Medium Industries in Zamfara State.....	3
-----	--	---

CHAPTER THREE: AGRICULTURE

3.1	Number of Livestock slaughtered in registered Markets in Zamfara State by LGA-2001-2006:.....	11-13
3.2	Number of Livestock treated by type of Animal Disease in LGAs of Zamfara State 2001-2006:.....	14-17
3.3	Livestock and Poultry Species in LGAs of Zamfara State; 2001-2006.....	18-22
3.4	Area of Forest Reserve by type and by LGAs: 2001-2006 (in Hectares).....	23
3.5	Area covered for production of major crops in Zamfara State:2001-2006 (in Hectares).....	23
3.6	Estimated production of major crops in Zamfara State:2001-2006 (in Metric tones).....	24
3.7	Yield per Hectare for the production of major crops in Zamfara State:2001-2006 (in MT/HA):.....	24

CHAPTER FOUR: MEDICAL AND HEALTH STATISTICS

4.1	Number of Doctors, Qualified Nurses and other staff in General Hospitals of Zamfara State; 2001-2006:.....	25
4.2	Number of Children/Persons vaccinated against Communicable Diseases in LGAs of Zamfara State by type of Disease: 2001-2006:.....	26-31
4.3	Number of Reported/Registered Births and Deaths by Sex and by LGAs of Zamfara State;2001-2006:.....	32-37
4.4	Number of In-patients and Out-patients to bed spaces in Maternity/Pediatrics wards in General Hospitals of Zamfara State;2001-2006:.....	38-43
4.5	In-patients and Out-patients in Rural Health Centers of Local Govt. Areas of Zamfara State:2001-2006.....	44-49
4.6	Recorded cases of Chronic (TB) and Medical Services in General Hospitals of Zamfara State: 2001-2006.....	50-55

CHAPTER FIVE:- PUBLIC FINANCE

Cover	Detailed Breakdown of Allocations to Federal, State & Local Govts. June1999-May 2007:.....	56
5.1	Analysis of Total Net Statutory Allocations to Federal, State and Local Governments: June 1999-May 2007:.....	57
5.2	Analysis of Net Statutory Allocation to States and FCT: June 1999-May 2007:.....	59
5.3	Analysis of Net Statutory Allocation to LGCs and FCT Area Councils: June 1999-May 2007:.....	60
5.4	Summary of Revenue Allocation to Zamfara State Government and its LGCs. by Federation Account Allocation Committee: June 1999- May 2007:.....	61
5.5	Estimated and Actual Revenue (Internal and External) of Local Govt. Areas in Zamfara State:2001-2006.....	62-67
5.6	Estimated Recurrent Expenditure (=N=) of Local Govt. Areas in Zamfara state.:2001-2006.....	68
5.7	Estimated Capital Expenditure (=N=) of Local Govt. Areas in Zamfara state.:2001-2006.....	69
5.8	Estimated Revenue and Expenditure of Zamfara State: 2001-2005.....	70

CHAPTER SIX – EDUCATION

6.1	Primary Schools' Enrolment by Sex, Class and number of Schools in LGAs of Zamfara State: 2001-2006.....	71-76
6.2	Primary Schools teachers' Analysis by Sex, Qualification and by LGAs. in Zamfara State 2001-2006:.....	77-82
6.3	Secondary Schools' Enrolment and Stream of Classes by Sex & by Local Govt. Areas in Zamfara State: 2003-2006:.....	83-86
6.4	Number of Teachers by qualification and Sex in Secondary Schools of Zamfara State:2003-2006:.....	87
6.5	Science Secondary Schools' Enrolment by Class, Sex and School in Zamfara State;2003-2006:.....	88-89
6.6	Number of Teachers by qualification and Sex in Science Secondary Schools of Zamfara State: 2003-2006.....	90-91
6.7	Enrolment in Govt. Arabic Secondary Schools by Number of Classes and Streams:2005-2006.....	92
6.8	Manpower of Teachers by qualification and Sex in Arabic and Islamic Secondary Schools of Zamfara State:.....	92
6.9	Adult education enrolment and number of Adult education Centers in Zamfara state by LGAs and by Sex: (2001-2006).....	93
6.10	Adult education Facilitators/Instructors by Sex, qualification & number of Classes in LGAs of Zamfara State: 2001-2006.....	94-96
6.11	Performance Analysis for Senior Secondary Schools SSCE III (NECO):2001-2006:.....	97
6.11(B)	Performance Analysis for Senior Secondary Schools SSCE III (WAEC): 2001-2006:.....	98
6.12	Nomadic education enrolment and number of Nomadic Schools by LGAs. in Zamfara state:2001-2006.....	99
6.13	Number of Nomadic education teachers by qualification in LGAs of Zamfara state: 2001-2006.....	100
6.14	Ownership of educational institutions by type in Local Govt. Areas of Zamfara state: 2001-2006.....	101-106

CHAPTER SEVEN:- PRICES

- 7.1 Weekly Market Retail prices of Selected commodities in Gusau Local Govt. Area for the month of April 2006.....107
- 7.2 Weekly Market Wholesale prices of Selected commodities in Gusau Local Govt. Area for the month of April 2006.....108
- 7.3 Monthly Market Retail prices of Selected commodities in Gusau Local Govt. Area: 2006.....109
- 7.4 Monthly Market Wholesale prices of Selected commodities in Gusau Local Govt. Area: 2006:.....110
- 7.5 Selected Markets days by Locations in Local Govt. Areas of Zamfara State:.....111-112
- 7.5B Asterick presentation of Market days by Locations in Local Govt. Areas of Zamfara state:.....113-114

CHAPTER EIGHT:- POSTAL SERVICES

- 8.1 Number of Post Offices and Postal Agencies by Local Govt. Areas in Zamfara State :2001-2006.....115
- 8.2 Number of Postal Articles handled and mode of collection In LGAs. of Zamfara State: 2001-2006.....116-121
- 8.3 Amount of Revenue Received from Postal Services by LGAs in Zamfara State:2001-2006.....122-127

CHAPTER NINE:- WATER RESOURCES

- 9.1 Water supply project by type, cost (in =N=) and Number of locations in Local Government Areas of Zamfara state: 2001-2006:.....128-133
- 9.2 Water supply project by type and by Assisting Agency in Local Govt. Areas of Zamfara state: 2001-2006:.....134-139

CHAPTER TEN:- ROADS

- 10.1 Road Mileage by type of surface and cost in LGAs. of Zamfara state:2001-2006.....140-145
- 10.2 Number of Bridges and Culverts constructed by LGAs in Zamfara state: 2001-2006.....146

CHAPTER ELEVEN:- ADMINISTRATION

11.1 Number of Villages in Local Govt. Areas of Zamfara state:2001-2006:.....147

ZAMFARA STATE'S INDUSTRIAL POLICY AND SOURCES OF INDUSTRIAL FINANCING

BACKGROUND

Agriculture forms the backbone of the state's economy with thousands of families engaged in various farming activities for livelihood. For example, Zamfara State is the largest producer of tobacco leaf in the country. Other principal cash crops are groundnut and cotton including a rich stock of livestock. In addition to all these, economic trees available in the State in commercial quantities include gum arabic, locust beans, shea nut and mangoes. Forests are also available which serve as game reserves, animals husbandry cattle ranching, timber and pulp, etc. Land is also available in all the urban and rural area of the state that could be developed into industrial layouts. In the area of solid minerals, the state is blessed with multifarious solid mineral resources like alluvial gold, clay, granite rock, spring water, silica sand e.t.c.

~~*~~ To bring about balanced economic development, the state realizes the need to diversify its economy through the special development of industries in both urban and rural areas. This involves the establishment of industries that will primarily use the raw materials in the State. With this objective in mind efforts were directed towards providing the necessary facilities that will enhance the establishment of industries in various parts of the state.

TABLE 3.1 POTENTIALS FOR SMALL AND MEDIUM SCALE INDUSTRIES IN ZAMFARA STATE.

S/NO	L/GOVT. AREA	RAW MATERIALS	INDUSTRIAL POTENTIALS
1	ANKA	Agro-Based G/nut, Maize, beans, Millet, Cotton, g/corn, Shea nuts.	Flour mill cotton Ginnery oil Mill.
2	BUKKUYUM	Agro-Based Maize, millet, cotton, Cowpea, g/nut. G/corn, Kenaf, locust beans, hides And skins, Gum Arabic, livestock. <u>Mineral based</u> Mica, granite, silica, Sand, alluvial gold, Quartzite, calena.	Flour mill ginnery tannery oil Mill. Granite polishing and aggregate Glass manufacture.

S/NO	L/GOVT. AREA	RAW MATERIALS	INDUSTRIAL POTENTIALS
3	BAKURA	<u>Agro Based</u> G/corn, maize, millet Rice, mango, locust Beans, cowpea sugar Cane, spices fish, Livestock, potato hides And skins, shea nut <u>Mineral Based</u> Clay	Plan fruit processing tannery Rice mill spices, 'curry power Burnt Bricks industry
4	GUSAU	<u>Agro – Based</u> G/corn, maize, millet, Cowpea, tobacco, G/nut, cotton, locust Beans, hides and skins. <u>Mineral Based</u> Feldsper, granite	Flour mill tannery cotton Ginnery Granite polishing.
5.	BUNGUDU	<u>Agro – Based</u> Cotton, millet, g/corn, G/nut maize, cowpea, Locust beans, hide and skins. Mineral based Spring water Granite, Quartz	Flour mill ginnery tannery oil Mill. Granite polishing spring Water factory
6.	K/NAMODA	<u>Agro - Based</u> Maize, millet, G/corn Beans, cotton, locust Beans, tobacco, hides And skins cassava, G/nut. <u>Mineral Based</u> Gold, Granite Galena Kaolin.	Corn flakes canned beans Flour mill tobacco processing Tannery cassava processing. Gold mining granite cutting Kaolin Beneficiation.
7.	MARADUN	<u>AGRO – BASED</u> Rice, maize, G/corn, G/nut, potatoes, beans Cassava, Kenat, fish hides & Skins. <u>Mineral Based</u> Clay, ganite, precious Stones.	Rice mill ceramic flakes Potato flakes corn flakes floor Mill fruit processing tannery Oil mill. (Under investigation)

OTHER VIABLE MEDIUM SCALE INDUSTRIES IN ZAMFARA STATE

- | | |
|------------------------------------|--------------------------------------|
| 1. Tomato paste canning | 10. Ceramic tiles and sanitary wares |
| 2. Fruits and vegetable processing | 11. Refractory bricks production |
| 3. Wheat and rice processing | 12. Hydrated lime plant |
| 4. Meat and dairy processing | 13. Mini fertilizer plant |
| 5. Chalk production plant | 14. Mini cement plant |
| 6. Fish farming, projects | 15. Hospitality industry |
| 7. Fish meal production | 16. Cotton spinning |
| 8. Mini sugar plant | 17. Housing estate |
| 9. Polythene bags | |

Already a number of such potentially viable small and medium scale industries have been identified and year marked for promotion and development in the 1997 budget speech by the then Military Administrator. The identified viable small/medium scale industries based on the availability of local raw materials are:-

- | | |
|---------------------------------------|--------------------------|
| i. Tomato paste canning | vi. Hospitality industry |
| ii. Particle Board Manufacturing | vii. Cotton spinning |
| iii. Hydrated lime plant | viii. Housing Estate. |
| iv. Mini sugar brown sugar production | |
| v. Classroom chalk production | |

ENABLING ENVIRONMENT FOR SETTING UP SMALL SCALE INDUSTRIES IN THE STATE.

ROADS, RAILWAYS AND AIRPORTS

The state has good network which links it to the neighboring states of Katsina, Kaduna, Sokoto, Niger, Kebbi and even Niger Republic. The roads are all trunk 'A' Federal Roads. Similarly, some of the local Government headquarters are linked to the state capital Gusau with good tarred roads. There is a railway line which links the state with other states through, Gusau and terminates at Kaura Namoda. The state capital Gusau has a functional air strip which will soon be upgraded to an international airport.

Electricity Supply:-

The state capital and most of the major towns are linked to the national grid and plans are underway to link the remaining towns especially the local Government Headquarters. The remaining towns are at the moment supplied with electricity by power – substation's high voltage generator plants installed and maintained the Rural Electricity Board.

Water Supply:-

Similarly, the state capital and some major towns in the state have been provided with adequate municipal water supply enough to service the populace and even large scale industries users. Proposals are also in the pipeline to provide all the remaining Local Government Headquarters and some commercial towns with potable pipe borne water.

Telephone And Other Communication Facilities:-

Telephone facilities are presently available in all major towns in the state. With the digitalization of telephone lines at the state capital, this is expected to reach the remaining major towns in the state. In addition, a cable television system "M.G COLOUR" is in operation within the state capital to enable inhabitants have enough access to information about Government policies and programmes are the international arena.

Industrial Layout:-

The state Government has provided industrial layout within the state capital fully development and provided with all the necessary infrastructural facilities like access roads. Electricity, pipe borne water, telephone etc.

Arrangements are also in the pipeline to provide other local Government Headquarters with the same facility. Meanwhile, the procedure and cost of obtaining industrial plots have been made very easy and affordable for genuine investors.

PROJECT PROFILES FOR THE FIVE IDENTIFIED PROJECTS IN THE STATE

1. **TOMATO PASTE CANNING:** Tomato is grown in large commercial quantities all over the state all the year round with little or no know means of its hygienic preservation. This generates a substantial loss of revenue for its grower due to its rapid perishable nature. If this project is established, it will provide a ready available market for its grower for long term preservation. Talata Mafara will be a more ideal location as it will serve as a converging point for producers.
2. **PARTICLE BOAD MANUFACTURE:** Particle board is used mainly by furniture workers as well as the building industry for ceiling and partitioning purposes. The project when established is to manufacture particle boards with the use of working wastes of especially our numerous furniture factories and other agricultural by products of fibrous plants such as wheat and corn straws as the major raw material. The project will require only a few imported chemicals.
3. **HYDRATED LIME PLANT:** Good quality limestone is the required raw materials for the production of hydrated lime. Zurmi Local government of the state is ascertained to have large commercial reserves of good quality limestones and kaolin deposit. The product-hydrated lime or calcium hyroxide can be consumed by our numerous water treatment plants, fertilizer manufactures, cement companies and other producers of chemicals. This will in turn conserve foreign exchange that is expended on its importation. Again, with report large deposits of it all over the country, export market could be exploited for foreign exchange earnings.
4. **MINI SUGAR PRODUCTION:** Sugar cane plantations abound every where in the state. Gummi and Bakura local governments are particularly outstanding. Presently, our sugar cane is mostly reduced to individual/household crude consumption. If this industry is established in the state, it will provide a ready market for the local producers with little or no need for any supporting additional sugar cane plantations.
5. **CLASSROOM CHALK PRODUCTION:** Chalk plays an important role in educational development of any country. Chalk crayons are exclusively used for writing on black boards, slates and marking on any clouded surface. The major raw materials for the manufacture of chalk crayon is 'PLASTER OF PARIS' a product obtained by calcining gypsum which may also be available locally. The chalk industry required only plaster of paris or gysum as the main raw material for its operation. The equipment mainly consist of Aluminum moulds, wooden Furniture, drying ovens etc.

Education for all by the 2020 guarantees at least for the next decade, a high demand for chawks most especially with the increase in the establishment more secondary schools, universities and the massive programme of Adult education introduced by Government.
6. **HOSPITALITY INDUSTRY:** The only standard Hotels in Gusau metropolis is the 60 bedroom Gusau Hotel being managed by a Arewa Hotels limited and the King City Hotel owned and managed by a private entrepreneur. This is inadequate in relation to the numbers of visitors in and out of the city for business endeavors. There

is therefore, the need for additional investors in the Hotel industry to look into the possibility of establishing another standard hotel within the state capital.

7. **COTTON SPINNING:** As mentioned earlier Zamfara state is one of the largest producer of cotton in the country. Presently, there are well over 13 independent cotton ginneries within all Gusau metropolis alone. Although this can be perceived as a healthy development in the short run, it obviously has negative consequences in the long due to the proliferation of the ginneries. There is therefore the need for the establishment of either a cotton spinning plant or a mini textile mill.
8. **HOUSING ESTATE:** Obviously, this is another very promising area for investment in the state. A newly created state is usually associated with inadequacy of housing for its teeming populace especially the civil servants.

At the inception of this administration, the Solid mineral sector was identified as one important economic system that can be relied upon to turn the economy around. This resulted in the creation of the Ministry of Solid Mineral Development. The idea is to create a conducive policy environments to promote private sector participation while government plays the role of a catalyst in the development of this resource. The state has already through the ministry of environment and solid mineral development embarked upon a comprehensive geological mapping of the state in order to identify all the available mineral deposits as well as determining the quality and commercial quantity of these minerals.

However, high cost of exploitation, lack of modern technology, scarcity of capital, low level of infrastructural development, and above all, lack of management capacity have all combined to keep the exploitation and development of our solid minerals very low. The downturn in the economy which can be attributable to over reliance on the petroleum sector has now it necessary to scout for International investors.

GENERAL INDUSTRIAL POLICY OBJECTIVES

The objective of the state Government industrial policy shall be to achieve an accelerated pace of industrial development. In this regard, the industrial sector would become the prime mover of the economy.

The elements of this objective include the following:

- i. A rapid development of the industrial sector with emphasis on projects utilizing locally available the raw materials especially agro-allied and mineral base industries taking cognizance of the resources endowments of the different areas of the state.
- ii. The promotion of small and medium scale industries with low capital investments, labour intensive and simple technology.
- iii. To ensure the promotion and development of large scale agricultural ventures in order to provide basic raw materials to the user industries.
- iv. The provision of industrial infrastructure and the creation of a favorable investment climate rather than direct participation by government in industrial projects.
- v. The pursuance of an aggressive and deliberate policy to promote export of basic raw materials and manufactured goods to generate foreign exchange.

- vi. Provision of attractive incentives such as land, infrastructure and consultancy services to attract investors.
- vii. To encourage the inflow of financial institutions such as commercial and merchant banks and other development finance institutions to provide diverse sources of financing for investors.

INDUSTRIAL DEVELOPMENT STRATEGIES

In pursuit of the central objective of accelerated industrial development, the Zamfara State Government shall take a number of measures amongst which are the following:

- i. Commercialization and where necessary divestment (Privatization) from government enterprises with a view to enhancing their viability and efficiency.
- ii. Completion of ongoing industrial projects before embarking on new ones.
- iii. Extension and development of industrial layouts to some urban towns and some selected local government headquarters which have the facilities and the capacity to accommodate industrial projects.
- iv. Improving the investment climate and the regulatory environment in the state.

INDUSTRIAL INCENTIVES

The state government is expected to put in place a package of incentive to attract investors to the state. These incentives are designed to promote investment, employment, sourcing of local raw materials and various other aspects of industry. The incentives proposed for consideration are as follows:

- i. Provision of industrial infrastructure such as access roads, electricity and water within the industrial layouts.
- ii. Easy availability of land and industrial estates.
- iii. Easy access to available collated information on source of raw materials
- iv. Equity participation in economically viable industrial projects.
- v. Assistance towards obtaining permits and licenses from Federal Government Agencies.
- vi. Assistance towards manpower recruitment and training.
- vii. Guarantee of loans to government owned parastatals and companies.
- viii. Grants of small and medium scale enterprises loan scheme.

In addition to the above, there are other incentives being granted by the Federal Government through the relevant agencies e.g:

- i. Customs (Duty draw back) regulation etc.
- ii. Income tax relief for pioneer status
- iii. Acceleration depreciation for capital assets
- iv. Repatriation of dividends, profit and royalties etc.

Compiled from Data Supplied by the Office of the Accountant-General of the Federation (OAGF)

Notes

Total Net Allocation = Net Statutory Allocation + Excess Crude Oil Proceeds/Additional Allocations + Value Added Tax (VAT)

Net Statutory Allocation = Gross Statutory Allocation + 13% Share of Derivation - Total Deductions (Comprising External Debts, Contractual Obligations and Other Deduction)

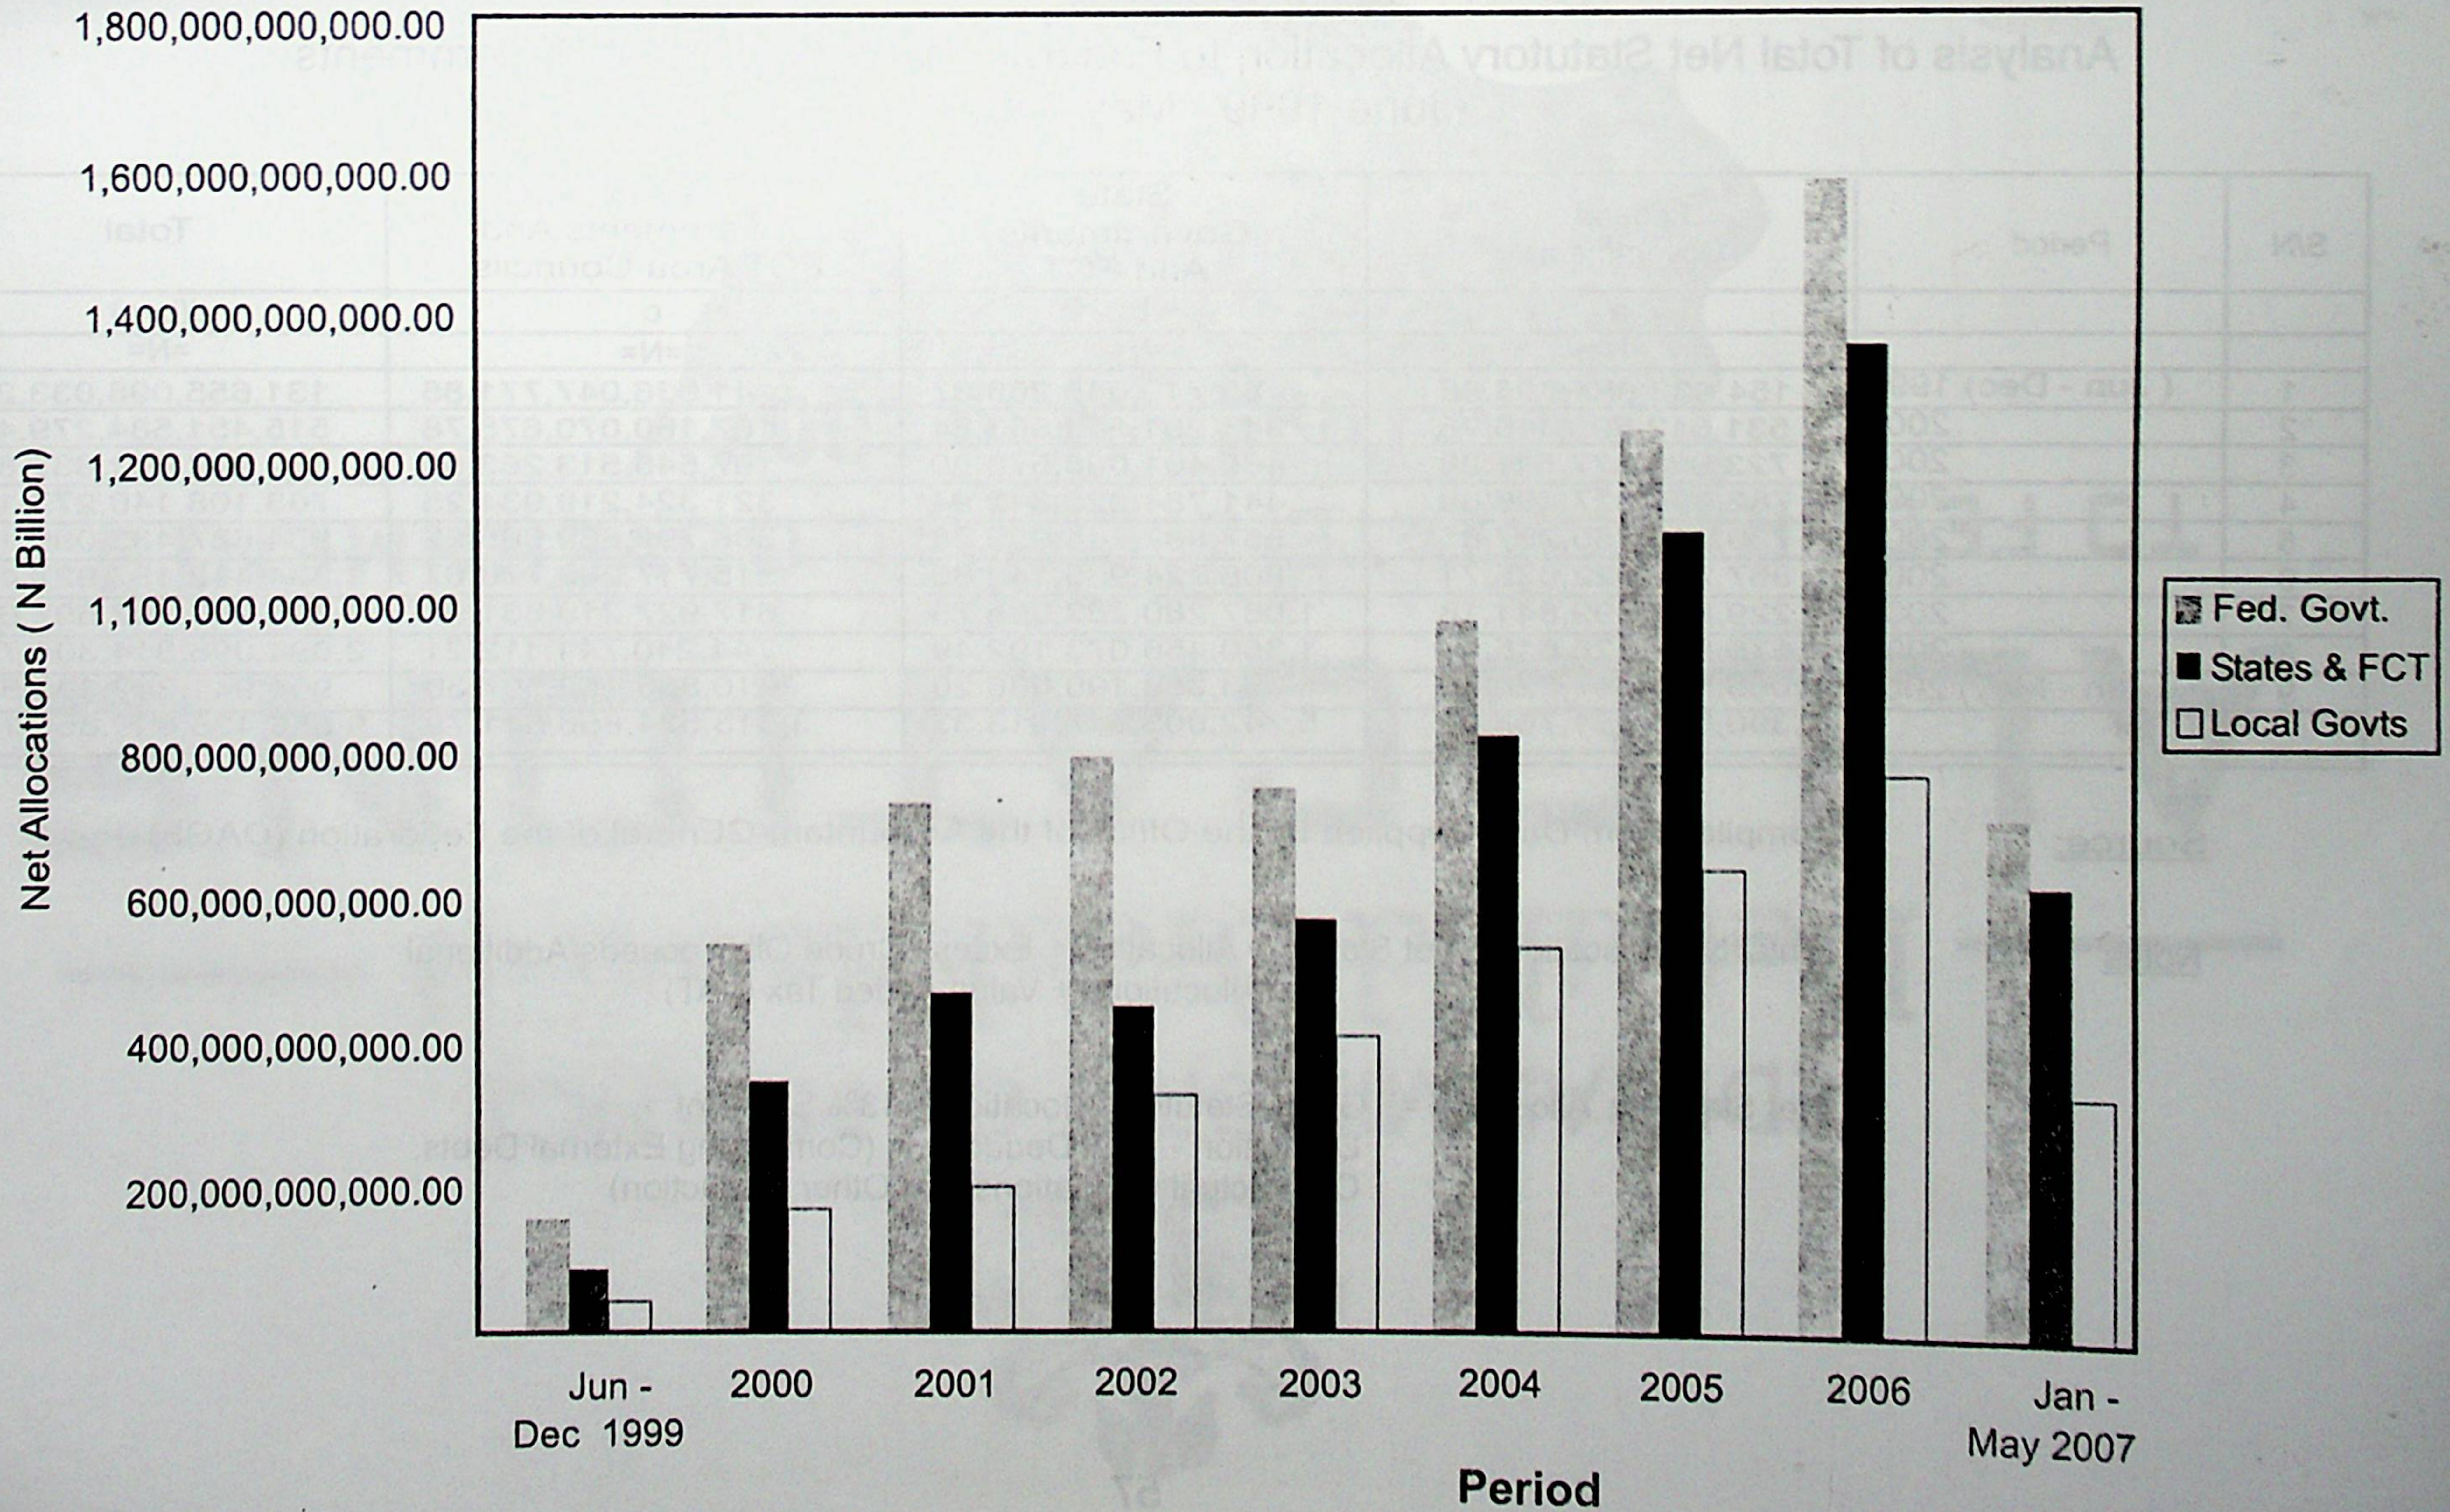

Table 7.4

Summary of Revenue Allocation to Zamfara State Government and its Local Government Councils (LGCs) by Federation Account Allocation Committee (June 1999 - May 2007)

S/n	Period	Beneficiary	Net Statutory Allocation =N=	Crude Oil Excess Proceeds/Additional Allocations =N=	Value Added Tax =N=	Total Net Allocation =N=
1	June - December 1999	State Government	1,702,234,610.80	43,028,518.31	295,706,454.24	2,040,969,583.34
