**PROGRESS REPORT: NES #16 JOINT PLANNING COMMITTEE**

**PUBLIC SECTOR MOBILISATION SUB COMMITTEE**

Please recall my earlier reports on the above subject matter. The States/ Liaison Sub-Committee meets every forth night (Recall also that i am the Vice Chairman).

The Public Sector Mobilisation sub- committee to which I belong as vice chairman of States/ Legislative liaison Sub- committee holds its meeting every forth nightly after the inauguration of the NES #16 joint planning committee in May 20<sup>th</sup>, 2010 alternatively, between Abuja and Lagos.

However, as the summit date draws nearer the frequency of meetings and pre summit activities may be on the increase to this end the members are enjoined to show more commitment and seek their various employers understanding and support for the task ahead. of special mention here is Governors Forum. Owing to the increasing visibility of the NGF, the secretariat has been allocated strategy roles to play in the planning of the event

See attached minutes for your perusal for clear view of activities carried out and task ahead.
