210	<b>Comments:</b>			
211	The Chairman commended the PMSC for the presentation and			
212	requested comments from members.			
213	The HCF, Niger State observed that many items in the			
214	PMSC's report were still unresolved despite several			
215	recommendations to Plenary for consideration. He therefore,			
216	urged FAAC to consider taking final decisions that would			
217	address the issues. In his comment, the HCF, Ebonyi State			
218	sought to know if the portion of the States from the Gazelle			
219	Project Account would be shared in the current month. Also in			
220	her comment, the HCF, Kaduna State sought clarifications on			
221	the N13.9 billion unshared balances in the EMTL Account.			
222	Reacting, the Fed. Commissioner, RMAFC/Vice Chairman,			
223	PMSC disclosed that the resolution of the issue of the N13.9			
224	billion in the EMTL Account, was delayed due to lack of full			
225	membership on PMSC, following the expiration of the tenure of			

226	some Federal Commissioners of RMAFC. He assured that	
227	update would be provided as soon as full membership was	
228	achieved.	
229	Commenting on the Gazelle Project Account, the HCF, Delta	
230	State disclosed that based on the PMSC report, States were	
231	expected to receive payment from the value of their shares in	
232	the project. He therefore, requested that the transaction should	
233	be monitored to ensure that amount due to each tier of	
234	government from the project was accurately determined. He	
235	also requested that the interest accruable on the escrowed	
236	amount should be determined and added to the shares of the	
237	beneficiaries.	
238	Commenting on the issue, the Chairman, Commissioners	
239	Forum/HCF, Ekiti State requested that, NNPC Ltd which was	
240	managing the Gazelle Project, should provide detailed report	
241	on the operations of the Account for the knowledge of	
242	members. He also agreed with his counterparts on the need to	
243	have a mechanism in place that would allow FAAC to monitor	
244	the project and to be able to verify the figures being reported	
245	from the transaction. He expressed concern over the continued	
246	accumulation of withheld funds by NNPC Ltd on FIRS PPT	
247	PSC and JV PPT, and insisted that the Company must be	
248	made to account for all the withheld funds.	
249	Contributing to the discussion, the HCF, Gombe State	
250	observed that NNPC Ltd was not only indebted to the	

251	Federation Account in respect of the FIRS's taxes but that, the	
252	company was also having outstanding on NUPRC Royalties,	
253	which was not being reported. He stated that the NNPC Ltd and	
254	the two (2) other Agencies were requested during the previous	
255	meetings, to reconcile and provide monthly report on the	
256	outstanding figures but had so far refused to comply. The HCF,	
257	Benue State advised that FAAC should be setting timelines for	
258	the Agencies to implement the decisions of the Committee as it	
259	concerned them, and a follow-up be made to ensure	
260	compliance.	
261	Responding to the issues raised by members, the	
262	Chairman concurred with the suggestion that Agencies should	
263	be given timelines to implement the directives given to them by	
264	FAAC, to ensure speedy resolution of issues. On the issue of	
265	Project Gazelle Funding Escrow Account, the Chairman agreed	
266	with the need to have a holistic report on the Project to include	
267	funding and other details for members to be adequately	
268	enlightened. He added that reports should also be made	
269	available on other Reserved Accounts of the Federation, to	
270	enable the resolution of all the issues. He therefore, suggested	
271	the need for CBN and NNPC Ltd to send competent officers to	
272	FAAC meetings to provide the required explanation to address	
273	the issues.	
274	In the absence of any further comments, the Chairman called	
	for the adoption of the PMSC report. Accordingly, the HCF,	

275	Kano State moved for the adoption of the report and was	
276	seconded by the HCF, Sokoto State.

341	<b>Comments on the Account</b>	
342	The Chairman thanked the AGF for the presentation and	
343	requested comments from members.	
344	The HCF, Adamawa State referred to the Communique and	
345	sought clarifications as to why the figure for "Gas Flared	
346	Penalty" had remained the same every month. The HCF,	
347	Ebonyi State on the other hand, requested clarifications on the	
348	payment of 1% Signature Bonus to FCT. He stated that, the	
349	item was not known to members before it was included in the	
350	distribution. Furthermore, he appealed to the Secretariat to	

*Handwritten signature/initials*

351	ensure that the proposed dates for FAAC meetings were duly	
352	confirmed before announcement. He complained that the	
353	sudden change in the dates usually caused members to	
354	change their flight tickets, making them to incur additional	
355	costs.	
356	The HCF, Niger State agreed with his counterpart from Ebonyi	
357	State on the issue of the 1% deduction in favour of FCT. He	
358	sought clarification on the computation of the N100 billion	
359	refund to FCT from the Signature Bonus Account. In addition,	
360	he observed that the deduction in respect of the support for the	
361	Military had been consistent while no refund was made to the	
362	States on ECA withdrawals since the release of first instalment	
363	in May, 2024. He therefore, requested clarification on the	
364	matter. Commenting, the HCF, Bayelsa State expressed	
365	concern that no report was provided to FAAC on the issue of	
366	1% payment to FCT. He clarified that FCT's share from the	
367	Federation Account was paid as part of the FG's allocation of	
368	52.68% and as such, FCT was to get its share of the refund	
369	through the Federal Government.	
370	The HCF, Enugu State in his contribution, expressed concern	
371	over the number of new items which appeared as deductions	
372	from the Federation Account Revenue. He stated that most of	
373	the deductions were decided without the consent of FAAC and	
374	stressed the need for members to be given advance	
375	information on the planned deductions before inclusion in the	

---

376	distribution. He stated that only FAAC had the Statutory	
377	mandate to approve payment from the Federation Account.	
378	Contributing, the HCF, Akwa Ibom State pointed out that some	
379	items in the Communique were not clear to members and	
380	suggested the need to simplify the document for easy	
381	understanding.	
382	On his part, the HCF, Delta State raised the issue of payment	
383	of Gas Flared Penalty to NMDPRA. He recalled that a decision	
384	was taken by FAAC at previous meetings that the payment of	
385	Gas Flared Penalty be suspended until the Agency provide	
386	explanation to justify the payment. He sought to know why the	
387	payment to NMDPRA was still ongoing despite the decision.	
388	Furthermore, he raised the issue of the proposed funding to Oil	
389	Theft Prevention Project from the Federation Account. He	
390	argued that the project could be funded from the 30% each of	
391	the Management Fee and Frontier Exploration Fund being	
392	taken by NNPC Ltd.	
393	Responding to some of the issues raise, the AGF informed the	
394	meeting that the amount being deducted for Gas Flaring was	
395	not the same every month as observed. She informed that the	
396	June, 2024 figure and that of July, 2024 were different.	
397	Furthermore, she clarified that the payment of Gas Flared	
398	Penalty to NMDPRA was as provided for in the Petroleum	
399	Industry Act (PIA). On the payment of 1% Signature Bonus to	
400	FCT, she informed that the amount was part of the	

401	accumulated refund due to FCT from the Signature Bonus as	
402	well as ECA Withdrawals, which became outstanding after the	
403	payment to the States. Regarding the suspension of ECA	
404	refund to States, she informed that some of the proposed	
405	deductions from the account for the month, were stepped-down	
406	in order not to over-stretch the available revenue for sharing.	
407	In his reaction to some of the issues raised by members, the	
408	Chairman disclosed that, there was a committee set up by the	
409	National Economic Council (NEC) on Oil Theft Prevention. He	
410	added that all the Governors were aware of the Committee, and	
411	advised members to be guided by the decision of their	
412	principals on the matter. He however concurred with the need	
413	for members to be aware in advance whenever there were such	
414	developments, particularly since it required funding from the	
415	Federation Account.	
416	Commenting, the HCF, Imo State explained that it was	
417	important that members were given the opportunity to look at	
418	any item proposed for inclusion in the distribution so as to	
419	enable discussion on it before the Plenary Session. He	
420	suggested the need for the Communique to also be sent to the	
421	Forum of Commissioners of Finance in advance for perusal.	
422	The Chairman, Commissioners' Forum/HCF, Ekiti State agreed	
423	with his colleagues on the positions above. He reiterated that	
424	the reports on the proposed deductions were needed for	
425	information of members to facilitate discussions at the Plenary.	

*NCG*

426	Regarding the FCT 1% payment on Signature Bonus, he	
427	requested that the item should be stepped-down from the	
428	distribution pending the provision of relevant report and other	
429	details on the matter. The HCF, Akwa Ibom State concurred	
430	with the position. He added that the suspension of the	
431	deductions would enable the Forum to look at the proposals	
432	and discuss same with the HMF/CME.	
433	Responding, the Chairman explained that the idea behind some	
434	of the deductions was to ensure speedy execution of vital	
435	national projects that were key to the nation's security. In	
336	conclusion, he directed the Secretariat (FMF & OAGF) to	
437	ensure that reports and other relevant documentations	
438	including the Communique on FAAC distributions were made	
439	available to members through the Forum before the Plenary as	
440	requested.	
441	On that note, the Chairman called for the adoption of the	
442	revenue distribution for the month. Accordingly, the HCF,	
443	Nasarawa State moved for the adoption of the distribution for	
444	the month and seconded by her counterpart from Kaduna	
445	State.

479	Commenting on the issue of ECA refund to States, the

481	Katsina State recalled that a promise was made during the

487	refunds on the 13% Derivation. He therefore, suggested that	
488	the current proposal should be stepped down for scrutiny	
489	before any further action.	
490	The HCF, Yobe State raised the issue of the proposal to pay	
491	N3 billion to each of the 36 States and FCT for flood mitigation.	
492	He sought to know when the amount would be released.	
493	Responding, the Chairman explained that the matter was	
494	undergoing administrative processes. He assured the meeting	
495	that government was working to address the issues to enable	
496	the release of the funds.	
497	Reacting, the Chairman, Commissioners' Forum/HCF, Ekiti	
498	State thanked the FG for the support. He called for a speedy	
499	resolution of the administrative processes to enable the amount	

500	to be released to the States on good time.
