# **Get to Know Ebonyi State**

Ebonyi state, ranked 34th in terms of population size and has a population density of 596 persons/km<sup>2</sup>.

Created **01/10/1996** 

Land Mass 5,670 km<sup>2</sup>

Population 3.381,035

LGAs 13

Under 1 Population 135,241

Under 5 Population **676,207** 

Women of Child Bearing Age **743,828** 

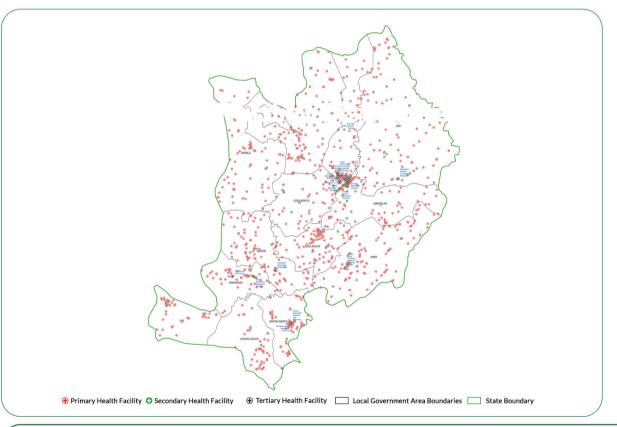

Pregnant Women 169,052

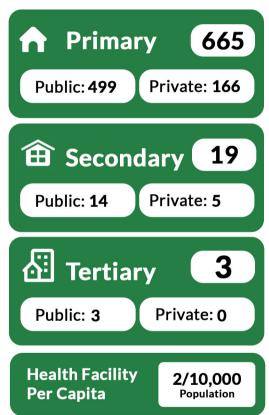

## **Health Facility Distribution**

Ebonyi State has adequate number of health facilities for its population size based on the standard of 1 basic health unit per 10,000 population.

#### **Call to Action**

The state government should:

- 1. Focus on enhancing the quality of existing facilities rather than building new ones.
- 2. Aim at ensuring at least one **FUNCTIONAL** primary health care centre per ward in line with the national PHC revitalization strategy.

## **Human Resource for Health**

The number of skilled birth attendants is far below the recommended minimum standard required to be on path to 'ending preventable deaths by 2030'.

Health Training Institutions			
Institution	Public	Private	Admission Quota
College(s) of Medicine	3	0	300
School(s) of Nursing & Midwifery	3	1	
School(s) of Health Technology	1	7	
School(s) of Pharmacy	0	0	-

Human Resource for Health			
Occupation	Number	<b>Density</b> (Per 10,000 Population)	Target (WHO)
Doctors	11	<1	10
Nurses/Midwives	37	<1	30
Community Health Workers	766	2	10
Pharmacists	21	<1	2.5

#### **Call to Action**

The State government should **PRIORITIZE** investments in Human Resource for Health (HRH) by:

- 1. Developing a realistic comprehensive HRH plan (including an implementation plan) that includes a minimum HR requirement for the different types of health facilities, taking into account the fiscal space of the state.
- 2. Recruiting based on the implementation plan (including incentives to retain).

# **Health Financing**

Ebonyi state is not investing adequately in health as evidenced by the low annual budgetary allocation, poor budgetary release and a per capita expenditure on health of N1,647.1; this may have contributed to some of the poor health outcomes in the state.

Allocation - FY 2022

Total State Budget ₩145.4 bn

Allocation to Health (%)

₩7.6 bn (5%)

Percentage Health Allocation to PHC

₩0.2 bn (3%)

#### **Performance - FY 2022**

**State Budget Performance** 

**₩127.3** bn

88%

**Health Budget Performance** 

₩5.6 bn

73%

Health Expenditure Per Capita

**₩1,647.1** 

**Call to Action** 

The state should gradually work towards \$29\*(N12,000 approx.) per capita and invest more in health insurance.

Reference: ((prorated state contribution from \$86 per capita - WHO recommended) World Health Organization. (2018)...

# **Health Insurance**

The state has a functional state social health insurance scheme which has not made health insurance mandatory. Also, the non-release of equity fund and Government/employee contribution for the formal sector would negatively impact on the scheme.

#### **Call to Action**

The State Government to ensure Health insurance scheme is mandatory, ensure regular and timely release of equity fund, and fast track government and employee contribution into the scheme.

## **PHCUOR Scorecard**

Ebonyi state has performed well in its implementation of the Primary Health Care Under One Roof policy – a governance reform to improve PHC implementation and integration.

Scorecard			
Indicator		Status	
Existence of a State P	rimary Health Care Board		
Existence of Approved Linked To SSHDP	d Minimum Service Package That Is		
Existence of Costed So	ervice Delivery/Investment Plan		Target Not Met Target Met No Data
Provision Made For In Budget of The Last Ye	vestment Plan In The Annual ar		
PHC Programmes And SMoH and SMoLGA	d Staff Moved To SPHCB From		

# **M**

#### **Call to Action**

The State Government should:

- 1. Ensure that PHC programmes and staff are moved to SPHCB from SMoH and SMoLGA.
- 2. Ensure one **FUNCTIONAL** PHC per ward as per minimum service package for healthcare delivery outlined in the National Primary Health Care Development Agency (NPHCDA) guidelines for the revitalization of PHCs.

## **Nutrition Scorecard**

The state has a functional state committee on food and nutrition. However, the state does not have a nutrition department in relevant MDAs and most of the nutrition interventions are funded by partners which is not sustainable.

Scorecard		
Indicator	Status	
Existence of State Committee on Food and Nutrition		
Presence of Nutrition Departments In Relevant MDAs		
Budget Line For Nutrition In Key MDAs		
Release of Fund For Nutrition (2022)		Target Not Met
Availability of Multi-Sectoral Plan of Action For Nutrition		Target Met  No Data/Missing Validation
Availability of Government-Owned Creche		
Approved Six Months Paid Maternity Leave.		
Government Spending Greater than/Equal to Partner Spending		

#### **Call to Action**

The state government should:

- 1. Set up nutrition departments in relevant MDAs (- at minimum in the following MDAs: Health, Agriculture, Budget and Planning, Women Affairs, State Primary Health Care Board);
- 2. Develop MSPAN and ensure prompt release of funds for its implementation;
- 3. Approve 6 months paid maternity leave.

# Drug Management Agency (DMA) Scorecard

I Ebonyi state does not have a Drug Management Agency.

Scorecard	
Indicator	Status
State Has Established An Autonomous DMA Backed By Law	
DMA Is Capitalized	
At Least 60% Of The Focal Ward PHCs Is Capitalized	
DMA Has Pharmagrade Warehouse With Adequate Capacity	
State Has A Single Supply Chain System	
State Manages Last Mile Delivery	

### **Call to Action**

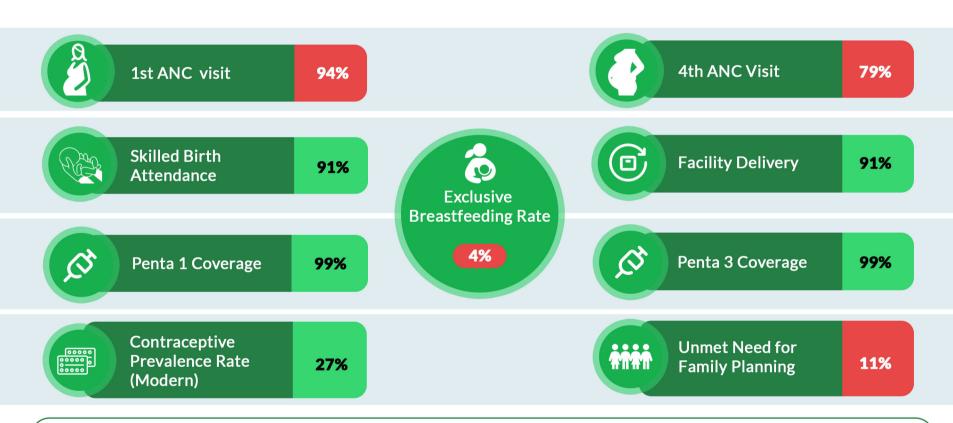

The State Government to urgently set up a drug management agency to ensure availability of quality and affordable essential medicines in all health facilities within the state.

### Access and Service Utilization...

There is good access to and utilization of immunization services however access to antenatal and family planning services is low with about 11% of women-in-union needing family planning services not having access to it.

**Call to Action** 

The state government should:

- 1. Sustain its performance on immunization services.
- 2. Identify and address barriers to access and utilization of antenatal and family planning services.

## **Access and Service Utilization**

The state has high unmet needs in terms of treatment for Children living with HIV and only provides 3 doses of malaria prophylaxis for about half of its pregnant women.

HIV Prevalence 0.7%	ART Unmet Needs in *CLHIV 38%
LGAs with TB Molecular Diagnostic Machine  62%	TB Treatment Coverage 25%
Malaria Prevalence 25.7%	IPTp3 Coverage 42.9%
New Cases of Hypertension 6,524	

### **Call to Action**

The State Government should ensure at least one functional molecular diagnostic machine per LGA, scale up ART treatment for CLHIV and expand coverage of IPTp3.

CLHIV - Children Living with HIV, ART - Antiretroviral Therapy, IPTp3 - Intermittent Preventive Treatment of Malaria for Pregnant Women (3rd dose +) Reference: HIV health Sector Report 2021, NTBLCP, NMEP, DHIS2

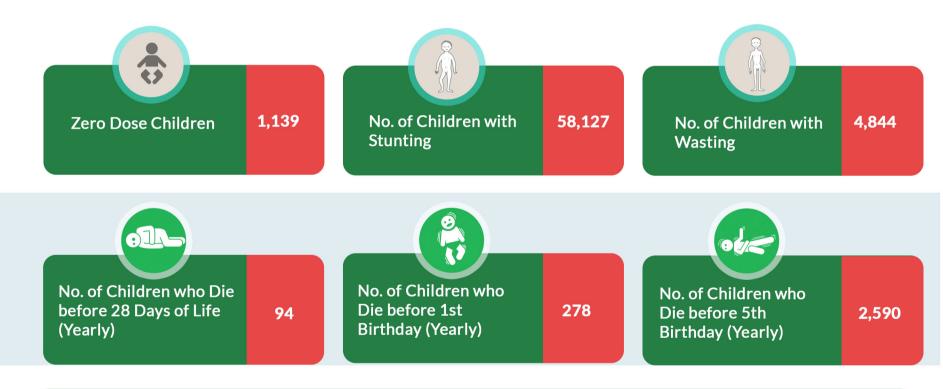

## **Health Outcomes**

Despite the progress in immunization there is still a significant number of zero-dose children, high numbers of children with stunting & wasting, and unacceptably numbers of childhood mortalities in the state.

### **Call to Action**

The State Government should prioritize investments in maternal and child healthcare services, including nutrition interventions, immunizations, and healthcare infrastructure to improve the health outcomes of children in the state. It is also important for the state to work with key partners to identify and target communities with unvaccinated children.

i. Stunting: Children Shorter in Height-for-Age

ii. Wasting: Children with Low Weight-for-Height

iii. Zero-dose: Children who failed to receive any routine vaccination - never reached by routine immunization services

# **Flagship Projects**

This page details the key flagship projects ongoing in Ebonyi state that the Government needs to sustain.

S/N Title	Description
No data	No data

- 2. Identify and address barriers to access and utilization of antenatal and family planning services.

The state government should also ensure at least one functional molecular diagnostic machine per LGA, scale up ART treatment for CLHIV and expand coverage of IPTp3.

#### **Health Outcomes**

The State Government should prioritize investments in maternal and child healthcare services, including nutrition interventions, immunizations, and healthcare infrastructure to improve the health outcomes of children in the state. It is also important for the state to work with key partners to identify and target communities with unvaccinated children.

### **About the NGF Secretariat**

#### The Nigeria Governors' Forum

The Nigeria Governors' Forum (NGF) was founded in 1999. It is a platform for the elected Governors of the 36 states of Nigeria that promotes collaboration amongst the Governors, irrespective of their party affiliation, to share experience, promote co-operation, and good governance at the subnational level.

#### The NGF Secretariat

The NGF is supported by a secretariat which is the technical and administrative arm of the Nigeria Governors' Forum. It is a policy hub and resource centre that sets agendas & priorities to enable the forum to meet its set objectives. The Secretariat serves as an interface between federal MDAs, development partners, and states. The Secretariat has several units including Health, IGR, Economics, Legal, Education, Agriculture, Peace, and Inclusive Security.

#### The Health Team

The health unit of the NGF Secretariat is responsible for coordinating all health-related interventions being championed by the secretariat. It is committed to catalysing a stronger health system and better health outcomes at the subnational level in line with national goals and strategies.

#### **Our Vision**

Is to be the leading go-to resource and learning hub for catalysing subnational health development and contributing to health SDGs.

#### **Our Mission**

Is to keep the NGF informed and up-to-date on health priorities and promote evidence-based decision-making & actions, accountability, and learning for better health outcomes at the subnational level.

#### What We Do

We leverage our convening powers to support States to achieve their health goals through Evidence Generation, High-Level Advocacy, Resource Mobilization, Accountability and Partnerships, and Capacity Building. We also engage with key federal MDAs, such as the FMOH, NHIA, NPHCDA, FMFBNP, and Office of the Vice President.

#### **Our Team**

The health team is a multidisciplinary team that includes high-profile professionals that have excelled in different fields of endeavour including Advocacy, Health Policy Analysis, Health Systems Strengthening, Public Health, Health Financing, Health Information System, Immunization, Supply Chain, Monitoring, Evaluation, and Learning.

#### **Our Health Partners**

BMGF, ADF, GAVI, UNICEF, R4D, NHED.
