PRIMARY HEALTHCARE LEADERSHIP CHALLENGE

ADVOCACY BRIEF

2025

Pillars of the Leadership Challenge

About the Leadership Challenge

The PHC Leadership Challenge was put together to accelerate the implementation of the Seattle Declaration made by Governors in 2019 and to catalyze renewed political commitment of all Governors to improve PHC outcomes at scale.

The Challenge provides an opportunity for the 36 states and FCT to equitably compete within their respective geopolitical zones for an annual best performing and most improved awards in PHC delivery. The Challenge is being implemented in partnership with National Primary Health Care Development Agency, UNICEF and funded by Bill and Melinda Gates Foundation and Aliko Dangote Foundation.

2024 South East Regional Performance

The Bar chart below shows the performance of Anambra State compared to its regional counterparts.

State Score

55%

National Average

39%

DQA-adjusted coverage of essential health services as measured in the Reproductive, Maternal, Newborn Child and Adolescent Health + Nutrition Scorecard.

46%

State level Primary Health Care Challenge for Local Government Area Council Chairman

38%

Key Actions

The State Government has made investment in strengthening PHC facilities across the state. However, the **State Governor** should:

1

Ensure prompt release of budgeted funds for PHC in line with the annual operational plan in the 2025 fiscal year.

2

Increase PHC performance review discussions to at least once every quarter in state executive council meetings in 2025.

3

Sustain monitoring visits to PHC facilities to ensure accountability and quality service delivery in 2025.

4

Sustain community engagement by meeting with traditional rulers to address PHC challenges at least twice in 2025.

5

Sustain PHC taskforce meetings with key stakeholders, chaired by the deputy governor.
